Section I. Instructions to Applicants

A. General

- | | |
|--|---|
| 1. Scope of Application | <p>1.1 In connection with the Invitation for Prequalification indicated in Section II, Prequalification Data Sheet (PDS), the Employer¹, as defined in the PDS, issues this Prequalification Document ("Prequalification Document") to prospective applicants ("Applicants") interested in submitting applications ("Applications") for prequalification to bid for the Works described in Section VII, Scope of Works. In case the Works are to be bid as individual contracts (i.e. the slice and package procedure), these are listed in the PDS. The International Competitive Bidding ("ICB") number corresponding to this prequalification is also provided in the PDS.</p> |
| 2. Source of Funds | <p>2.1 The Employer as indicated in the PDS has applied for or received financing (hereinafter called "funds") from KfW Development Bank (hereinafter called "KfW") towards the cost of the project named in the PDS. The Employer intends to apply a portion of the funds to eligible payments under the contract(s) resulting from the bidding for which this prequalification is conducted.</p> |
| 3. Corrupt and Fraudulent Practices | <p>3.1 KfW requires compliance with its policy in regard to corrupt and fraudulent practices as set forth in Section VI.</p> <p>3.2 In further pursuance of this policy, Applicants shall permit and shall cause its agents to provide information and permit KfW or an agent appointed by KfW to inspect on site all accounts, records and other documents relating to the submission of the Application, bid submission (in case prequalified), and contract performance (in the case of award), and to have them audited by auditors or agents appointed by KfW.</p> |
| 4. Eligible Applicants | <p>4.1 An Applicant may be a firm that is a private entity, a government-owned entity — subject to Section V - or a combination of such entities in the form of a joint venture ("JV") under an existing JV Agreement or with the intent to enter into such an agreement supported by Declarations of Association. In the case of a JV, all members shall be jointly and severally liable for the execution of the Contract in accordance with the Contract terms. The Applicant shall nominate an authorized representative who shall have the authority to conduct all business for and on behalf of the Applicant and any and all its members, if the Applicant is a JV, during the prequalification process, bidding (in the event the Applicant submits a bid) and during contract execution (in the event the Applicant is awarded the Contract). Unless specified in</p> |

¹ Instead of Employer, the term Project Executing Agency or Contracting Authority might be used interchangeably.

the **PDS**, there is no limit on the number of members in a JV.

- 4.2 A firm may apply for prequalification both individually, and as part of a JV, or as a subcontractor. If prequalified, it will not be permitted to bid for the same contract both as an individual firm and as a part of the joint venture. However, a firm may participate as a subcontractor in more than one bid, but only in that capacity. Bids submitted in violation of this procedure will be rejected.
- 4.3 KfW's eligibility criteria for prequalification are described in Section V – Eligibility Criteria.
- 4.4 Applicants shall not have a conflict of interest. Any Applicant found to have a conflict of interest shall be disqualified. An Applicant may be considered to have a conflict of interest for the purpose of this prequalification process, if the Applicant:
 - (a) Directly or indirectly controls, is controlled by or is under common control with another Applicant; or
 - (b) Receives or has received any direct or indirect subsidy from another Applicant; or
 - (c) Has the same legal representative as another Applicant; or
 - (d) Has a relationship with another Applicant, directly or through common third parties, that puts it in a position to influence the application of another Applicant, or influence the decisions of the Employer regarding this prequalification process; or
 - (e) Any of its affiliates participated as a consultant in the preparation of the design or technical specifications of the works that are the subject of the prequalification; or
 - (f) Any of its affiliates has been hired (or is proposed to be hired) by the Employer as Engineer for the Contract implementation; or
 - (g) Has a close business or family relationship with a professional staff of the Employer (or of the project implementing agency, or of a recipient of a part of the loan) who: (i) are directly or indirectly involved in the preparation of the prequalification documents or specifications of the contract, and/or the prequalification evaluation process; or (ii) would be involved in the implementation or supervision of such contract unless the conflict stemming from such relationship has been resolved in a manner acceptable to KfW throughout the procurement process and execution of the contract.

- 4.5 An Applicant shall not be under suspension from bidding by the Employer as the result of the execution of a Bid-Securing Declaration.
- 4.6 An Applicant shall provide such evidence of eligibility satisfactory to the Employer, as the Employer shall reasonably request.
- 5. Eligible Materials, Equipment, and Services**
- 5.1 The materials, equipment and services to be supplied under the Contract and financed by KfW may have their origin in any country subject to the restrictions specified in Section V - Eligibility criteria, and all expenditures under the Contract will not contravene such restrictions.

B. Contents of the Prequalification Documents

- 6. Sections of Prequalification Documents**
- 6.1 These Prequalification Documents consist of parts 1 and 2 which comprise all the sections indicated below, and which should be read in conjunction with any Addendum issued in accordance with ITA 8.

PART 1 Prequalification Procedures

- (a) Section I. Instructions to Applicants (ITA);
- (b) Section II. Prequalification Data Sheet (PDS);
- (c) Section III. Qualification and Evaluation;
- (d) Section IV. Application Forms;
- (e) Section V. Eligibility Criteria;
- (f) Section VI. KfW Policy – Corrupt and Fraudulent practices – Social and Environmental Responsibility;

PART 2 - Works Requirements

- (g) Section VII. Scope of Works.
- 6.2 Unless obtained directly from the Employer, the Employer accepts no responsibility for the completeness of the Prequalification Documents, responses to requests for clarification, or Addenda in accordance with ITA 8. In case of any discrepancies, documents issued directly by the Employer shall prevail.
- 6.3 The Applicant is expected to examine all instructions, forms, and terms in the Prequalification Documents and to furnish with its Application all information or documentation as is required by the Prequalification Documents.
- 7. Clarification of Prequalification**
- 7.1 A prospective Applicant requiring any clarification of the Prequalification Documents shall contact the Employer in writing

Documents

at the Employer's address indicated in the **PDS**. The Employer will respond in writing to any request for clarification provided that such request is received no later than fourteen (14) days prior to the deadline for submission of the applications. The Employer shall forward a copy of its response to all prospective Applicants who have obtained the Prequalification Documents directly from the Employer, including a description of the inquiry but without identifying its source. If so indicated in the **PDS**, the Employer shall also promptly publish its response at the web page identified in the **PDS**. Should the Employer deem it necessary to amend the Prequalification Documents as a result of a clarification, it shall do so following the procedure under ITA 8 and in accordance with the provisions of ITA 17.2.

8. Amendment of Prequalification Documents

- 8.1 At any time prior to the deadline for submission of Applications, the Employer may amend the Prequalification Documents by issuing an Addendum.
- 8.2 Any Addendum issued shall be part of the Prequalification Documents and shall be communicated in writing to all prospective Applicants who have obtained the Prequalification Documents from the Employer. The Employer shall promptly publish the Addendum at the Employer's web page identified in the **PDS**.
- 8.3 To give prospective Applicants reasonable time to take an Addendum into account in preparing their Applications, the Employer may, at its discretion, extend the deadline for the submission of Applications in accordance with ITA 17.2.

C. Preparation of Applications**9. Cost of Applications**

- 9.1 The Applicant shall bear all costs associated with the preparation and submission of its Application. The Employer will in no case be responsible or liable for those costs, regardless of the conduct or outcome of the prequalification process.

10. Language of Application

- 10.1 The Application as well as all correspondence and documents relating to the prequalification exchanged by the Applicant and the Employer, shall be written in the language specified in the **PDS**. Supporting documents and printed literature that are part of the Application may be in another language, provided they are accompanied by an accurate translation of the relevant passages in the language specified in the **PDS**, in which case, for purposes of interpretation of the Application, the translation shall govern.

11. Documents Comprising the Application

- 11.1 The Application shall comprise the following:
- (a) The Application Submission Sheet, indicating the Applicant's name, address, telephone, fax and email. If the Applicant is an association, the Application Submission Sheet shall also describe the form of association and list the association

members;

- (b) A Power of Attorney authorizing the representative of the Applicant, designated in accordance with ITA 4.1 to submit the Application on behalf of the Applicant. If the Applicant is a JV, the Power of Attorney shall be provided by the Lead Member nominated in the JV Agreement or in the Declarations of Association, submitted in accordance with ITA 4.1. If the representative of the Applicant is the owner, member or director of the Applicant or the Applicant's Lead Member, if so nominated in accordance with ITA 4.1, a Power of Attorney shall not be necessary.
- (c) Presentation of the Applicant (maximum 10 pages, no brochures). If the Applicant is a single entity, the Presentation shall describe the Applicant's type of entity, ownership structure and organization chart, as well as its main business areas as they apply to the project. If the Applicant is a JV, the Presentation shall provide this information about each JV member as well as a description of the intended form of collaboration of the members within the JV. Where the Applicant's qualifications to carry out the assignment have been acquired as a result of a merger or acquisition, the presentation must include a detailed business history of the Applicant.
- (d) Statements and Declarations: False information provided in the following Statements and Declarations by the Applicant or in the case of an JV by any of the JV members shall lead to the exclusion of the Applicant from the tender process:
 - (I) If the Applicant is an existing JV, the Applicant shall submit a proof of the existing Association Agreement, indicating the Lead Member. If the Applicant is a JV, which the members intend to form for the purpose of executing the contract, each member of the association shall submit a Declaration of Association, indicating the Lead Member, in the format provided in Annex Section IV, Application Forms.
 - (II) Declaration of Undertaking in the format provided in Section IV, Application Forms. If the Applicant is a JV, only one Declaration of Undertaking must be submitted, i.e. the representative of the JV can sign on behalf of the JV subject to a power of attorney.
 - (III) Financial Capacity Statement in the format provided in Section IV, Application Forms and supported by the Applicant's Balance Sheets and Profit and Loss Statements. If the Applicant is a JV, separate statements, including the supporting Balance Sheets and Profit and Loss Statements, shall be provided by each member of the JV. All Balance Sheets and Profit and Loss Statements shall be certified by a reputable auditor.

- (IV) List of project references in the format provided in Section IV, Application Forms. Unless otherwise stated in the **PDS** the references shall be limited to a maximum of 10 projects carried out during the 5 years preceding the publication of this prequalification document. The Employer reserves the right to contact the clients indicated in the references to ascertain the information provided by the Applicant.
- (V) List of Available Expertise and Human Resource Capacity in the format provided in Section IV, Application Forms.
- (e) All Application forms and required attachments, provided in Section IV, Application Forms. If the Applicant is a single entity, in accordance with ITA 4.1, it should not include form ELI 1.2 in its Application.
- (f) Any other documents required in the **PDS**.
- 11.2 The Applicant shall furnish information on commissions and gratuities, if any, paid or to be paid to agents or any other party relating to this Application.
- 12. Application Submission Form**
 - 12.1 The Applicant shall complete an Application Submission Form as provided in Section IV, Application Forms. This Form must be completed without any alteration to its format.
- 13. Documents Establishing the Eligibility of the Applicant**
 - 13.1 To establish its eligibility in accordance with ITA 4, the Applicant shall complete and sign the Declaration of Undertaking as provided in Section IV, Application Forms without any alteration to its format and furnish supporting documentation as specified in Forms ELI 1.1, ELI 1.2(a) and ELI 1.2(b).
- 14. Documents Establishing the Qualifications of the Applicant**
 - 14.1 To establish its qualifications to perform the contract(s) in accordance with Section III, Qualification and Evaluation, the Applicant shall provide the information requested in the corresponding Forms included in Section IV, Application Forms.
- 15. Signing of the Application and Number of Copies**
 - 15.1 The Applicant shall prepare one original of the documents comprising the Application as described in ITA 11 and clearly mark it "ORIGINAL". The original of the Application shall be typed or written in indelible ink and shall be signed by a person duly authorized to sign on behalf of the Applicant. In case the Applicant is a JV, the Application shall be signed by an authorized representative of the JV, designated in accordance with ITA 4.1, on behalf of the JV.
 - 15.2 The Applicant shall submit copies of the signed original Application, in the number specified in the **PDS**, and clearly mark them "COPY". In the event of any discrepancy between the original and the copies, the original shall prevail.

D. Submission of Applications

- 16. Sealing and**
 - 16.1 The Applicant shall enclose the original and the copies of the

| | 16.2 The Employer will accept no responsibility for not processing any envelope that was not identified as required in ITA 16.1 above. |
| 17. Deadline for Submission of Applications | <p>17.1 Applicants may either submit their Applications by mail or by hand. Applications shall be submitted in accordance with the instructions, including the address and deadline, stipulated in the PDS.</p> <p>17.2 The Employer may, at its discretion, extend the deadline for the submission of Applications by amending the Prequalification Documents in accordance with ITA 8, in which case all rights and obligations of the Employer and the Applicants subject to the previous deadline shall thereafter be subject to the deadline as extended.</p> |
| 18. Late Applications | 18.1 Late Applications received after the deadline indicated in ITA 17.1 will be rejected. |
| 19. Opening of Applications | <p>19.1 The Employer shall open all Applications at the date, time and place specified in the PDS. Late Applications shall be treated in accordance with ITA 18.1.</p> <p>19.2 The Employer shall prepare a record of the opening of Applications, which shall include, as a minimum, the name of the Applicant and whether the Application has been received in time.</p> |

E. Procedures for Evaluation of Applications

- | | |
|--|---|
| 20. Confidentiality | <p>20.1 Information relating to the Applications, their evaluation and result shall not be disclosed to Applicants or any other persons not officially concerned with the prequalification process until the notification of prequalification results is made to all Applicants in accordance with ITA 28.</p> <p>20.2 From the deadline for submission of Applications to the time of notification of the results of the prequalification in accordance with ITA 28, any Applicant that wishes to contact the Employer on any matter related to the prequalification process (except as specified in 20.1 above), may do so only in writing.</p> |
| 21. Clarification of Applications | 21.1 To assist in the evaluation of Applications, the Employer may, at its discretion, ask an Applicant for a clarification of its Application, |

to be submitted within a stated reasonable period of time. Any request for clarification from the Employer and all clarifications from the Applicant shall be in writing.

21.2 If an Applicant does not provide clarifications and/or documents requested by the date and time set in the Employer's request for clarification, its Application shall be evaluated based on the information and documents available at the time of evaluation of the Application.

22. Responsiveness of Applications

22.1 The Employer shall reject an Application that is not substantially responsive to the requirements of this prequalification document. An Application shall be considered as responsive if the following documents are submitted:

Responsiveness criteria	
1.	Declaration of Undertaking (ITA 11.1 d) (II))
2.	Financial Capability Statements and supporting documentation (ITA 11.1 d) (III))
3.	Application Submission Form (ITA 11.1 a)
4.	Power(s) of Attorney authorizing the representative of the Applicant (ITA 11.1 b)
5.	If the Applicant is an association, either proof of the existing Association Agreement or a Declaration of Association (ITA 11.1 d) (I))

23. Domestic Bidder Price Preference

23.1 A margin of preference for domestic bidders shall not apply in the bidding process resulting from this prequalification unless otherwise specified in the **PDS**.

24. Subcontractors

24.1 Unless otherwise stated in the **PDS**, the Employer does not intend to execute any specific elements of the Works by subcontractors selected in advance by the Employer (nominated subcontractors).

24.2 A "specialized sub-contractor" is a sub-contractor hired for specialized work as defined by the Employer in Section III 4.2 - Experience. If no specialized work is specified by the Employer as such, sub-contractors experience shall not be considered for Applications evaluation.

F. Evaluation of Applications and Prequalification of Applicants

25. Evaluation of Applications

- 25.1 The Employer shall evaluate the responsive Applications using the factors, methods, criteria, and requirements defined in Section III, Qualification and Evaluation, to evaluate the qualifications of the Applicants, and no other methods, criteria, or requirements shall be used.
- 25.2 Only the qualifications of the Applicant shall be considered. In particular, the qualifications of a parent or other affiliated company that is not party to the Applicant under a JV in accordance with ITA 4.1 shall not be considered.
- 25.3 In case of multiple contracts, Applicants should indicate in their Applications the individual contracts in which they are interested. The Employer shall prequalify each Applicant for the maximum combination of contracts for which the Applicant has thereby indicated its interest and for which the Applicant meets the appropriate aggregate requirements. The Qualification and Evaluation are mentioned in Section III.

26. Employer's Right to Reject All Applications

- 26.1 The Employer reserves the right to annul the prequalification process and reject all Applications at any time, without thereby incurring any liability to the Applicants.

27. Prequalification of Applicants

- 27.1 The Employer shall assess the responsive Applications in terms of the Eligibility and Qualification Criteria and methods set out in Section III, Qualification and Evaluation.
- 27.2 The Employer shall determine the fulfillment of minimum requirements on a pass/fail basis as per Section III, Qualification and Evaluation.
- 27.3 The Employer shall assign a numeric score to each of the sub-criteria, for which a maximum score is provided in accordance with ITA 27.1. All Sub-criteria Scores shall be summed to determine the Applicant's Pre-Qualification Score.
- 27.4 For the purposes of scoring individual Qualification Criteria in accordance with 27.3 the Employer shall apply the following qualitative approach:
- (a) 100% of the max. score: Excellent, if the Application substantially exceeds the requirement in accordance with the respective sub-criterion. No errors or omissions are noted.
 - (b) 75% of the max. score: Good, if the Application meets or marginally exceeds the requirement in accordance with the respective sub-criterion. Minor errors or omissions noted;
 - (c) 50% of the max. score: Unsatisfactory, if the Application marginally falls short of the requirement in accordance with the respective sub-criterion. Major errors or omissions noted;
 - (d) 25% of the max. score: Poor, if the Application substantially

deviates from or indicates misunderstanding of the requirement in accordance with the respective sub-criterion. Major errors or omissions are noted comprising the fulfilment of the sub-criterion;

- (e) 0 % of the max. score: Insufficient / Fail, if the Application does not meet the requirement at all in accordance with the respective sub-criterion, or does not provide any information regarding the requirement.

27.5 An Applicant shall be considered prequalified if:

- (a) its Application is considered responsive in accordance with ITA 22.1 and;
- (b) its Application has met the pass/fail requirements in accordance with ITA 27.2 and;
- (c) the Application scored at least 70 points out of 100 points in accordance with ITA 27.3.

28. Notification of Prequalification

28.1 The Employer shall notify all Applicants in writing of the names of those Applicants who have been prequalified. In addition, those Applicants who have been disqualified will be informed separately.

28.2 Applicants that have not been prequalified may write to the Employer to request, in writing, the grounds on which they were disqualified.

29. Invitation for Bids

29.1 Promptly after the notification of the results of the prequalification, the Employer shall invite bids from all the Applicants that have been prequalified.

29.2 Bidders may be required to provide a Bid Security acceptable to the Employer in the form and an amount to be specified in the Bidding Documents, and the successful Bidder shall be required to provide a Performance Security as specified in the Bidding Documents.

30. Changes in Qualifications of Applicants

30.1 Any change in the structure or formation of an Applicant after being prequalified in accordance with ITA 27 and invited to bid (including, in the case of a JV, any change in the structure or formation of any member thereto) shall be subject to the written approval of the Employer prior to the deadline for submission of bids. Such approval shall be denied if (i) as a consequence of the change, the Applicant no longer meets the qualification criteria set forth in Section III, Qualification and Evaluation; or (ii) in the opinion of the Employer, the change may result in a substantial reduction in competition. Any such change should be submitted to the Employer not later than fourteen (14) days after the date of the Invitation for Bids.

Section III. Qualification and Evaluation

This Section contains all the methods, criteria, and requirements that the Employer shall use to evaluate Applications. The information to be provided in relation to each requirement and the definitions of the corresponding terms are included in the respective Application Forms.

Wherever an Applicant is required to state a monetary amount, Applicants should indicate the EUR equivalent using the rate of exchange determined as follows:

- For construction turnover or financial data required for each year - Exchange rate prevailing on the last day of the respective calendar year.
- Value of single contract - Exchange rate prevailing on the date of the contract.

Exchange rates shall be taken from the publicly available rate published by the Central Bank of the Employer's country. Any error in determining the exchange rates in the Application may be corrected by the Employer.

In chapter 5 of this section the environmental, social, health and safety (ESHS) requirements are defined in accordance with the specific ESHA challenges of the contract.

The criteria and their requirements are to be considered valid for each individual Lot. In the case of applying for multiple lots, these criteria must be cumulatively met.

If an Applicant will bid on multiple Lots, the Applicant shall describe in detail its sufficiency of financial resources, equipment, and personnel to implement multiple contracts in parallel, multiplying the Lot requirements with the number of Lots the Applicant will indicate. If as per the Employer's evaluation a Bidder has submitted successful Bids for several Lots (lowest evaluated substantially responsive Bids), the Employer's evaluation will additionally assess the Bidder's capacity to meet the aggregated requirements: (i) aggregated annual turnover; (ii) financial resources; (iii) contracts of similar aggregated size in nature; and (iv) sufficiency of personnel resources to implement multiple contracts in parallel. The Applicant / Bidder shall take such into account in filling relevant forms.

Declaration of Undertaking

Reference name of the Application/Offer/Contract: ("Contract")⁹

To: ("Project Executing Agency")

1. We recognise and accept that KfW only finances projects of the Project Executing Agency ("PEA")¹⁰ subject to its own conditions which are set out in the Funding Agreement it has entered into with the PEA. As a matter of consequence, no legal relationship exists between KfW and our company, our Joint Venture or our Subcontractors under the Contract. The PEA retains exclusive responsibility for the preparation and implementation of the Tender Process and the performance of the Contract.
2. We hereby certify that neither we nor any of our board members or legal representatives nor any other member of our Joint Venture including Subcontractors under the Contract are in any of the following situations:
 - 2.1) being bankrupt, wound up or ceasing our activities, having our activities administered by courts, having entered into receivership, reorganisation or being in any analogous situation;
 - 2.2) having been convicted by a final judgment or a final administrative decision or a preliminary investigation/charge is pending against us for involvement in a criminal organisation, money laundering, terrorist-related offences, child labour or trafficking in human beings, or have been subject to (financial) sanctions and/or embargo provisions by the United Nations, the European Union or the Federal Republic of Germany. This exclusion criterion is also applicable to legal persons whose shares (or the majority thereof) are owned or de facto controlled by natural or legal persons against whom such judgments, administrative decisions, (financial) sanctions and/or embargoes have been imposed and – in the case of (financial) sanctions and/or embargoes – these restrictive measures continue to apply;
 - 2.3) having been convicted by a final court decision or a final administrative decision by a court, the European Union, national authorities in the Partner Country or in Germany for Sanctionable Practice in connection with a Tender Process or the performance of a Contract or for an irregularity affecting the EU's financial interests (*in the event of such a conviction, the Applicant or Bidder shall attach to this Declaration of Undertaking supporting information showing that this conviction is not relevant in the context of this Contract and that adequate compliance measures have been taken in reaction*);
 - 2.4) having been subject, within the past five years to a contract termination fully settled against us for significant or persistent failure to comply with our contractual obligations during such Contract performance, unless this termination was challenged and dispute resolution is still pending or has not confirmed a full settlement against us;
 - 2.5) not having fulfilled the applicable fiscal obligations with regard to the payment of taxes at the respective tax residence and in the country of origin of the PEA (*contractors based in Annex 1 countries* (<https://www.consilium.europa.eu/de/policies/eu-list-of-non-cooperative->

⁹ Capitalised terms used, but not otherwise defined in this Declaration of Undertaking have the meaning given to such term in KfW's "Guidelines for the Procurement of Consulting Services, Works, Goods, Plant and Non-Consulting Services in Financial Cooperation with Partner Countries".

¹⁰ The PEA means the purchaser, the employer, the client, as the case may be, for the procurement of Consulting Services, Works, Plant, Goods or Non-Consulting Services.

jurisdictions/ must submit a fully completed and legally countersigned declaration of tax conformity (Appendix 1 to the Declaration of Undertaking) in addition to the Declaration of Undertaking at the time of award of the contract/contract review. This shall become an integral part of the contract. Failure to submit may result in exclusion from the awarding procedure. For contractors based in countries not listed as Annex I countries, only the Declaration of Undertaking must be submitted, and not the declaration of tax conformity;

2.6) being subject to an exclusion decision of the World Bank or any other multilateral development bank and being listed on the website <http://www.worldbank.org/debarr> or respectively on the relevant list of any other multilateral development bank *(in the event of such exclusion, the Applicant or Bidder shall attach to this Declaration of Undertaking supporting information showing that this exclusion is not relevant in the context of this Contract and that adequate compliance measures have been taken in reaction); or*

2.7) being guilty of misrepresentation in supplying the information required as condition to participation in this Tender Procedure.

3. We hereby certify that neither we, nor any of the members of our Joint Venture or any of our Subcontractors under the Contract are in any of the following situations of conflict of interest:

3.1) being an affiliate controlled by the PEA or a shareholder controlling the PEA, unless the stemming conflict of interest has been brought to the attention of KfW and resolved to its satisfaction;

3.2) having a business or family relationship with a PEA's staff involved in the Tender Process or the supervision of the resulting Contract, unless the stemming conflict of interest has been brought to the attention of KfW and resolved to its satisfaction;

3.3) being controlled by or controlling another Applicant or Bidder, or being under common control with another Applicant or Bidder, or receiving from or granting subsidies directly or indirectly to another Applicant or Bidder, having the same legal representative as another Applicant or Bidder, maintaining direct or indirect contacts with another Applicant or Bidder which allows us to have or give access to information contained in the respective Applications or Offers, influencing them or influencing decisions of the PEA;

3.4) being engaged in a Consulting Services activity, which, by its nature, may be in conflict with the assignments that we would carry out for the PEA;

3.5) in the case of procurement of Works, Plant or Goods:

- i. having prepared or having been associated with a Person who prepared specifications, drawings, calculations and other documentation to be used in the Tender Process of this Contract;
- ii. having been recruited (or being proposed to be recruited) ourselves or any of our affiliates, to carry out works supervision or inspection for this Contract;

4. If we are a state-owned entity, and compete in a Tender Process, we certify that we have legal and financial autonomy and that we operate under commercial laws and regulations.
5. We undertake to bring to the attention of the PEA, which will inform KfW, any change in situation with regard to points 2 to 4 here above.
6. In the context of the Tender Process and performance of the corresponding Contract:

- 6.1) neither we nor any of the members of our Joint Venture nor any of our Subcontractors under the Contract have engaged or will engage in any Sanctionable Practice, or violate the Guidelines during the Tender Process and in the case of being awarded a Contract will engage in any Sanctionable Practice during the performance of the Contract;
- 6.2) neither we nor any of the members of our Joint Venture or any of our Subcontractors under the Contract shall acquire or supply any equipment nor operate in any sectors under an embargo of the United Nations, the European Union or Germany; and
- 6.3) we commit ourselves to complying with and ensuring that our Subcontractors and major suppliers under the Contract comply with international environmental and labour standards, consistent with laws and regulations applicable in the country of implementation of the Contract and the fundamental conventions of the International Labour Organisation¹¹ (ILO) and international environmental treaties. Moreover, we shall implement environmental and social risks mitigation measures when specified in the relevant environmental and social management plans or other similar documents provided by the PEA and, in any case, implement measures to prevent sexual exploitation and abuse and gender based violence.
7. In the case of being awarded a Contract, we, as well as all members of our Joint Venture partners and Subcontractors under the Contract will, (i) upon request, provide information relating to the Tender Process and the performance of the Contract and (ii) permit the PEA and KfW or an auditor appointed by either of them, and in the case of financing by the European Union also to European institutions having competence under European Union law, to inspect the respective accounts, records and documents, to permit on the spot checks and to ensure access to sites and the respective project.
8. In the case of being awarded a Contract, we, as well as all our Joint Venture partners and Subcontractors under the Contract undertake to preserve above mentioned records and documents in accordance with applicable law, but in any case for at least six years from the date of fulfillment or termination of the Contract. Our financial transactions and financial statements shall be subject to auditing procedures in accordance with applicable law. Furthermore, we accept that our data (including personal data) generated in connection with the preparation and implementation of the Tender Process and the performance of the Contract are stored and processed according to the applicable law by the PEA and KfW.

2. Financial documents

The Applicant and its parties shall provide copies of financial statements for **3 years (2022; 2023; 2024)** pursuant Section III, Qualification and Evaluation, Sub-factor 3.1. The financial statements shall:

- (a) reflect the financial situation of the Applicant or JV member, and not an affiliated entity (such as parent company or subsidiary).
 - (b) be independently audited or certified in accordance with local legislation.
 - (c) be complete, including all notes to the financial statements.
 - (d) correspond to accounting periods already completed and audited.
- ☐ Attached are copies of financial statements¹³ for the **3 years** required above; and complying with the requirements

¹³ If the most recent set of financial statements is for a period earlier than 12 months from the date of application, the reason for this should be justified.

[The following specific equipment is required for the performance of the envisaged works. Failure to demonstrate access to all listed equipment will result in disqualification].

Item No.	Denomination	Purpose	Capacity / Power Rating / Quantities
1	Mini Excavator (e.g., Kubota U17 or Bobcat E20)	Used for excavation, grading, and shaping of hiking trail tread and hut foundation preparation in mountainous terrain with limited access.	• Operating weight: 1.5–2.5 tons • Digging depth: up to 2.5–3.5 meters • Width: 0.99–1.5 meters • Engine power: 13–25 hp
2	Compact Bulldozer	Grading, leveling, and clearing terrain in narrow, sloped areas.	• Operating weight: 8,400–9,000 kg • Engine power: 80–114 hp • Blade width: 2.0–2.5 m • Features: six-way blade, hydrostatic drive
3	Pneumatic Rock Drill / Jackhammer	Drilling and breaking rock during foundation and anchoring work.	• Impact energy: 70–80 J • Drill depth: up to 5 m • Air pressure: 0.4–0.63 MPa
4	Compact Track Loader	Earthmoving and handling building materials in difficult terrain.	• Operating weight: 4,300–5,500 kg • Rated capacity: 1,200–1,800 kg • Engine power: 70–100 hp
5	Plate Compactor	Compacting trail surfaces and foundation layers.	• Centrifugal force: 18–20 kN • Plate size: approx. 450 x 600 mm • Weight: 90–100 kg
6	Portable Concrete Mixer	Mixing concrete for hut foundations and trail structures.	• Drum capacity: 120–190 liters • Output per batch: 100–160 liters • Power: electric (0.3–1.4 kW) or petrol (4.2 kW)

Herewith we, _____ *[main Applicant's full name including names of JV members and sub-consultants]* confirm the availability of the listed equipment, either being in the possession of any member of the JV or being made available during the construction phase by renting such equipment.

[Signature of the Applicant]

[Note to the Employer as to the preparation of the Forms]

Projects financed by KfW are categorized in categories A, B+, B or C depending on their adverse environmental and social impacts and risks. This categorization takes place at an early stage and applies to the overall Project. However, typically projects comprise several components and specific individual contracts are awarded to consultants, contractors, firms or

suppliers. The categorization of these individual contracts may differ from the categorization of the overall project (e.g. a separate supply contract for computers, or a separate small works contract for the rehabilitation of a guard house etc. may be categorized as minor, whereas the overall project may be a large hydro power project categorized as A).

Therefore when designing the requirements for the Applicants or the ESHS Specifications for each particular contract of a project the potential environmental and social impacts and risks of this individual contract need to be taken into account, especially the occupational health and safety aspects (OHS) on the construction site and, if relevant, in worker camps during contract implementation.

Depending on the potential ESHS impact and the estimated contract size ESHS requirements for Applicants might be considered as basic, elevated or high and thus the requirements need to be adjusted accordingly. The ESHS levels shown hereafter make reference to the project classification for better orientation when attributing a level for this Application.

In the context of this section, the ESHS level has the following meaning:

Level ① basic = relevant to contracts with basic ESHS requirements

Typically for contracts in Projects with minor environmental and social construction related impacts and risks which do not require an Environmental and Social Impact Assessment (ESIA) and an Environmental and Social Monitoring Plan (ESMP) (Category “C”). During the implementation of the works only limited occupational health and safety measures are required, e. g. minor works and small scale rehabilitation measures; few workers; low transport requirements; no worker camps required; no hazardous wastes; no working at heights or confined spaces; no heavy construction machinery; no external environmental risks like floodings, etc.

Level ② elevated = relevant to contracts with elevated ESHS requirements in addition to ①

Typically for contracts in Projects with limited environmental and social impacts and risks which require a standard ESIA (Category “B”). During the implementation of the works standard occupational health and safety measures are required, e. g. less than 100 workers, less complex work site(s), transport of hazardous material, general OHS risks (welding, hazardous material) etc.

Level ③ high = relevant to contracts with high ESHS requirements in addition to ②

Typically for contracts in Projects with significant or long-term environmental and social impacts and risks which require a separate comprehensive ESIA and an ESMP (Category “B+ and A”). During the implementation of the works particular occupational health and safety measures are required, e.g. more than 100 workers, worker camp(s) required, significant risks at complex work sites(s), increased heavy load traffic, etc.

The Forms include the full set of ESHS requirements for contracts with level ③ ESHS requirements. However, each individual requirement is marked according to the level on which this requirement applies. For contracts with lower requirements (level ① or level ②) those requirements which are not applicable should be deleted.]

Section V. Eligibility Criteria

Eligibility in KfW-Financed Procurement

1. Consulting Services, Works, Goods, Plant and Non-Consulting Services are eligible for KfW financing regardless of the country of origin of the Contractors (including Subcontractors and suppliers for the execution of the Contract), except where an international embargo or sanction by the United Nations, the European Union or the German Government applies.
2. Applicants/Bidders (including all members of a Joint Venture and proposed or engaged Subcontractors) shall not be awarded a KfW-financed Contract if, on the date of submission of their Application/Offer or on the intended date of Award of a Contract, they:
 - 2.1 are bankrupt or being wound up or ceasing their activities, are having their activities administered by courts, have entered into receivership, or are in any analogous situation;
 - 2.2 have been
 - (a) convicted by a final judgement or a final administrative decision or subject to financial sanctions by the United Nations, the European Union and/or the German Government for involvement in a criminal organisation, money laundering, terrorist-related offences, child labour or trafficking in human beings; this criterion of exclusion is also applicable to legal Persons, whose majority of shares are held or factually controlled by natural or legal Persons which themselves are subject to such convictions or sanctions;
 - (b) convicted by a final court decision or a final administrative decision by a court, the European Union or national authorities in the Partner Country or in Germany for Sanctionable Practice during any Tender Process or the performance of a Contract or for an irregularity affecting the EU's financial interests, unless they provide supporting information together with their Declaration of Undertaking (Form available as Appendix to the Application/Offer which shows that this conviction is not relevant in the context of this Contract and that adequate compliance measures have been taken in reaction;
 - 2.3 have been subject within the past five years to a Contract termination fully settled against them for significant or persistent failure to comply with their contractual obligations during Contract performance, unless this termination was challenged and the dispute resolution is still pending or has not confirmed a full settlement against them;
 - 2.4 have not fulfilled applicable fiscal obligations regarding payments of taxes either

- in the country where they are constituted or the PEA's country;
- 2.5 are subject to an exclusion decision of the World Bank or any other multilateral development bank and are listed in the respective table with debarred and cross-debarred firms and individual available on the World Bank's website or any other multilateral development bank unless they provide supporting information together with their Declaration of Undertaking which shows that this exclusion is not relevant in the context of this Contract or
- 2.6 have given misrepresentation in documentation requested by the PEA as part of the Tender Process of the relevant Contract.
3. State-owned entities may compete only if they can establish that they (i) are legally and financially autonomous, and (ii) operate under commercial law. To be eligible, a state-owned entity shall establish to KfW's satisfaction, through all relevant documents, including its charter and other information KfW may request, that it: (i) is a legal entity separate from their state (ii) does not currently receive substantial subsidies or budget support; (iii) operates like any commercial enterprise, and, inter alia, is not obliged to pass on its surplus to their state, can acquire rights and liabilities, borrow funds and be liable for repayment of its debts, and can be declared bankrupt.

Section VI. KfW Policy – Sanctionable Practice – Social and Environmental Responsibility

1) Sanctionable Practice

The PEA and the Contractors (including all members of a Joint Venture and proposed or engaged Subcontractors) must observe the highest standard of ethics during the Tender Process and performance of the Contract.

By signing the Declaration of Undertaking the Contractors declare that (i) they did not and will not engage in any Sanctionable Practice likely to influence the Tender Process and the corresponding Award of Contract to the PEA's detriment, and that (ii) in case of being awarded a Contract they will not engage in any Sanctionable Practice.

Moreover, KfW requires to include in the Contracts a provision pursuant to which Contractors must permit KfW and in case of financing by the European Union also to European institutions having competence under European law to inspect the respective accounts, records and documents relating to the Tender Process and the performance of the Contract, and to have them audited by auditors appointed by KfW.

KfW reserves the right to take any action it deems appropriate to check that these ethics rules are observed and reserves, in particular, the rights to:

- (a) reject an Offer for Award of Contract if during the Tender Process the Bidder who is recommended for the Award of Contract has engaged in Sanctionable Practice, directly or by means of an agent in view of being awarded the Contract;
- (b) declare misprocurement and exercise its rights on the ground of the Funding Agreement with the PEA relating to suspension of disbursements, early repayment and termination if, at any time, the PEA, Contractors or their legal representatives or Subcontractors have engaged in Sanctionable Practice during the Tender Process or performance of the Contract without the PEA having taken appropriate action in due time satisfactory to KfW to remedy the situation, including by failing to inform KfW at the time they knew of such practices.

KfW defines, for the purposes of this provision, the terms set forth below as follows:

Coercive Practice	The impairing or harming, or threatening to impair or harm, directly or indirectly, any person or the property of the person with a view to influencing improperly the actions of a person.
Collusive Practice	An arrangement between two or more persons designed to achieve an improper purpose, including influencing improperly the actions of another person.
Corrupt Practice	The promising, offering, giving, making, insisting on, receiving, accepting or soliciting, directly or indirectly, of any illegal payment or undue advantage of any nature, to or by

any person, with the intention of influencing the actions of any person or causing any person to refrain from any action.

Fraudulent Practice Any action or omission, including misrepresentation that knowingly or recklessly misleads, or attempts to mislead, a person to obtain a financial benefit or to avoid an obligation.

Obstructive Practice Means (i) deliberately destroying, falsifying, altering or concealing evidence material to the investigation or the making of false statements to investigators, in order to materially impede an official investigation into allegations of a Corrupt Practice, Fraudulent Practice, Coercive Practice or Collusive Practice, or threatening, harassing or intimidating any Person to prevent them from disclosing their knowledge of matters relevant to the investigation or from pursuing the investigation, or (ii) any act intended to materially impede the exercise of KfW's access to contractually required information in connection with an official investigation into allegations of a Corrupt Practice, Fraudulent Practice, Coercive Practice or Collusive Practice.

Sanctionable Practice Any Coercive Practice, Collusive Practice, Corrupt Practice, Fraudulent Practice or Obstructive Practice (as such terms are defined herein) which is unlawful under the Financing Agreement.

2) Social and Environmental Responsibility

Projects financed in whole or partly in the framework of Financial Cooperation have to ensure compliance with international Environmental, Social, Health and Safety (ESHS) standards (including issues of sexual exploitation and abuse and gender-based violence) Contractors in KfW-financed projects shall consequently undertake in the respective Contracts to:

- (a) comply with and ensure that all their Subcontractors and major suppliers, i.e. for major supply items comply with international environmental and labour standards, consistent with applicable law and regulations in the country of implementation of the respective Contract and the fundamental conventions of the International Labour Organisation¹⁶ (ILO) and international environmental treaties and;
- (b) implement any environmental and social risks mitigation measures, as identified in the environmental and social impact assessment (ESIA) and further detailed in the environmental and social management plan (ESMP) as far as these measures are relevant to the Contract and implement measures for the prevention of sexual exploitation and abuse and gender-based violence.

¹⁶In case ILO conventions have not been fully ratified or implemented in the Employer's country the Applicant/Bidder/Contractor shall, to the satisfaction of the Employer and KfW, propose and implement appropriate measures in the spirit of the said ILO conventions with respect to a) workers grievances on working conditions and terms of employment, b) child labour, c) forced labour, d) worker's organisations and e) non-discrimination.

PART 2 – Works Requirements

Section VII. Scope of Works

1. Description of the Works

The BSLD Project envisions the construction of integrated PA Administration and visitor centers as well as field infrastructure, including footpath network, ranger huts, tourist shelters, and auxiliary facilities in 4 Priority Protected Areas (PAs) (the "Civil Works"), separated in 3 Lots:

Lot 1: Tana Managed Reserve and Erusheti National Park **Contract No.: BSLD/P/NCB-01/LOT-1**

Tana Managed Reserve

Land plot features	Design and Construction tasks
Cadastral code: 66.58.04.686	One combined building for Administrative Office and Visitor Center, minimum size 300 square meters, and adjacent outdoor infrastructure (Children's playground, banners, landscaping and lighting of the plot, Maquette of the protected area, Storage building with generator room (32 m ²), Toilet facilities for visitors, parking for minimum 6 cars and 3 minibuses, and perimeter fencing).
Location: Gori Municipality. Khidistavi village	Footpath network (including signs, signposts, sign boards, information boards) and related infrastructure (toilets, river crossings as required, safety ropes, pergolas with tables and benches, Fire pits with wooden benches, camping areas, benches along trail, panoramic viewpoints, interpretive banners): design area - 32,849 ha, length of trail minimum 50 km
Plot size: 1,080 sq.m.	Two tourist shelters and two ranger huts, minimum 50 square meters each, and adjacent infrastructure (outdoor toilet and shower, water reservoir)

Erusheti National Park

Land plot features	Design and Construction tasks
Cadastral code: 62.09.59.565 and 62.09.59.564 (part)	One combined building for Administrative Office and Visitor Center, minimum size 260 square meters, and adjacent outdoor infrastructure (Children's playground, banners, landscaping and lighting of the plot, Maquette of the protected area, Storage building with generator room (32 m ²), Toilet facilities for visitors, parking for minimum 6 cars and 3 minibuses, and perimeter fencing).
Location: Akhaltsikhe city. Adjacent to Akhaltsikhe-Akhalkalaki highway	
Plot size: 3,881 sq.m.	

Lot 2: Racha National Park
Contract No.: BSLD/P/NCB-01/LOT-2

Land plot features	Design and Construction tasks
Cadastral code: 88.02.23.291	One combined building for Administrative Office and Visitor Center, minimum size 260 square meters, and adjacent outdoor infrastructure (Children's playground, banners, landscaping and lighting of the plot, Maquette of the protected area, Storage building with generator room (32 m ²), Toilet facilities for visitors, parking for minimum 6 cars and 3 minibuses, and perimeter fencing).
Location: Oni region, Glola village	Footpath network (including signs, signposts, sign boards, information boards) and related infrastructure (toilets, river crossings as required, safety ropes, pergolas with tables and benches, Fire pits with wooden benches, camping areas, benches along trail, panoramic viewpoints, interpretive banners): design area - 50,835 ha, length of trail minimum 50 km
Plot size: 3,639 sq.m.	Three tourist shelters and two ranger huts, minimum 50 square meters each, and adjacent infrastructure (outdoor toilet and shower, water reservoir)

Lot 3: Kvereti Managed Reserve
Contract No.: BSLD/P/NCB-01/LOT-3

Land plot features	Design and Construction tasks
Cadastral code: 35.02.47.773 and 35.02.47.702	One combined building for Administrative Office and Visitor Center, minimum size 260 square meters, and adjacent outdoor infrastructure (Children's playground, banners, landscaping and lighting of the plot, Maquette of the protected area, Storage building with generator room (32 m ²), Toilet facilities for visitors, parking for minimum 6 cars and 3 minibuses, and perimeter fencing).
Location: Sachkhere Municipality, Skhvitori village	Footpath network (including signs, signposts, sign boards, information boards) and related infrastructure (toilets, river crossings as required, safety ropes, pergolas with tables and benches, Fire pits with wooden benches, camping areas, benches along trail, panoramic viewpoints, interpretive banners): design area - 14,797 ha, length of trail minimum 50 km
Plot size: 1,758 sq.m. and 551 sq.m., in total 2,309 sq.m.	Two tourist shelters and two ranger huts, minimum 50 square meters each, and adjacent infrastructure (outdoor toilet and shower, water reservoir)

2. Construction Period(s)

Under each Lot, infrastructure construction works shall be completed within 42 months from signing of the contract. The works will consist of the following implementation periods:

- Preparation of Detailed Design and Cost Estimate documentation - 6 months.
- Construction works - 24 months.
- Defects liability period (warranty period) – 24 months for PA Administrative/visitor center(s) (for the first 12 months, a supervisory company will be involved, for the next 12 months identification of defects and monitoring will be supervised by APA). For the rest of the infrastructure, the warranty period is 12 months.

3. Site and other Data

For the land plots where the combined PA Administration Office and Visitor Centre shall be built, the Employer shall provide the Bidder with the following documents in the Standard Bidding Document:

- Conceptual Principles and Requirements for Designing and Constructing Protected Areas Administration Buildings and Visitor Centers.
- Cadastral information.
- Topographic survey.
- Engineering-geological survey.
- Engineering-hydrological survey (for Racha NP and Kvereti MR).
- Preliminary design of access road for PA administration and visitor center in Erusheti NP (will be made available to the contractor after signing of contract if required).

4. Personnel Requirements

To ensure high-level performance of the Civil Works envisaged, the bidder must demonstrate that he/she will engage an adequate properly qualified key experts, including as a minimum the following:

Position	Experience (years)	Field of specialization, qualification	Points
Team leader (project manager)	5	Management experience in implementation of projects of similar scale and type; At least a bachelor's degree in the field of management, civil engineering and/or business administration; Knowledge of local design and construction norms / regulations / standards	2
Quality engineer	3	Experience of working as an engineer-builder in the implementation of projects of a similar scale and type; At least a bachelor's degree in civil engineering; Knowledge of local design and construction norms / regulations / standards	2
Supervisor of works	3	Experience of working as a civil engineer in implementation of projects of a similar scale and type; At least a bachelor's degree in civil engineering; Knowledge of local design and construction norms / regulations / standards	2

Civil engineer	3	Experience of working as a civil engineer in implementing the projects of a similar scale and type; At least a bachelor's degree in civil engineering; Knowledge of local design and construction norms / regulations / standards	2
Architect	3	Architect/civil engineer with experience in detailed design of construction and rehabilitation of public buildings; At least a bachelor's degree; Knowledge of local construction norms and regulations in force	2
Structural Engineer	3	Construction design with the experience in construction and rehabilitation of buildings in the position of a constructor; At least a bachelor's degree in civil engineering; Experience in the implementation of projects of similar scale and type	1
Water supply and wastewater engineer	3	Specific experience in the construction and design of water supply and drainage networks, construction supervision, at least a bachelor's degree in engineering; Knowledge of construction norms and regulations applicable in Georgia	1
Electrical engineer	3	Design-construction of electrical and mechanical equipment, construction supervision; At least a bachelor's degree in an engineering field. Knowledge of local construction norms and regulations applicable	1
Cost estimator	3	Experience in the preparation of construction cost estimates and payments; at least a bachelor's degree in engineering; Knowledge of building codes and regulations applicable in Georgia	1
Footpath network marking and construction specialist	3	Specialized experience in identifying footpath networks, designing and installing markings, including safety measures.	1
Dendrologist	3	At least a bachelor's degree; relevant professional experience in the field of dendrology	1
Environmental and Social Safeguards specialist	3	Specific experience in state and international regulations and environmental impact assessment procedures of similar types of projects; At least a bachelor's degree in one of the following fields: natural sciences, environmental governance / policy, social science. Knowledge of national legislation requirements	2
Operational Health and Safety safeguards specialist	3	At least a bachelor's degree; "Labor safety specialist" certificate, relevant professional experience in the field of construction	2
Total			20

In case an Applicant / Bidder envisions to bid on multiple lots, the Applicant / Bidder should indicate in their Applications / Bids the individual lots in which they are interested. In such case, the Applicant / Bidder shall describe in detail its sufficiency of personnel resources to implement multiple contracts in parallel.

If as per the Employer's evaluation a Bidder has submitted successful Bids for several Lots (lowest evaluated substantially responsive Bids), the Employer's evaluation will include an additional assessment of the Bidder's capacity to meet the following aggregated requirements as presented in the Bid: (i) aggregated annual turnover; (ii) financial resources; (iii) contracts of similar aggregated size in nature; and (iv) sufficiency of personnel resources to implement multiple contracts in parallel.

5. Environmental and Social Management plan (ESMP)

General Environmental and Social Management Plan (ESMP) table (for each combined for PA Administration offices and visitor center building)

Nr	Potential impact	Mitigation measure	Responsible	Budget	Timing
Design (by Construction contractor (CC) and Construction Phase					
1	Land Acquisition	No physical resettlement All 4 terrains belong to state, being registered to APA	APA	n.a.	n.a.
2	Access roads	Access road exists, no need for substantial upgrades at Racha and Tana. Signalization on bridge should be installed max load 3.5t to be re-evaluated after every flood event. New Access Road for Erusheti site is required (slope). Paved parking space for all 4 sites required (6 cars and 3 minibuses as benchmarks, with minimum area 210 m ² ; the minimum area place for one car 2.4 m; the minimum area of the parallel place is 2.4 m; length – 6 m.). All damages to existing village roads to be rehabilitated.	CC	APA / or CC budget	During and after construction
3	Levelling and Excavation Works; Soil storage and Topsoil Management	Levelling for the administration building for approx. 400 m ² is needed at all sites, cutting of slope for levelling is only required in Erusheti, all other sites cleaning of concrete debris and minor site levelling. Excavation of approx. 600 m ³ of earth is expected for foundations at Kvereti, Racha and Tana sites (mostly gravel), for Erusheti slope cutting and topsoil management. Trunk protection measures with wooden planks for nearby trees. Careful excavations near trees to not cut tree roots. Careful soil storage and re-use for landscaping, minimal topsoil layer at Kvereti and Racha; Gravel of old stadium in Tana. Topsoil to be stored separately and used for soil rehabilitation (Erusheti). The above-mentioned measures shall be implemented for all areas including parking spaces, recreation areas, ancillary buildings, access roads storage areas etc. as per the design.	CC	To be included in CC budget	At start of construction

Nr	Potential impact	Mitigation measure	Responsible	Budget	Timing
4	Laydown areas / storage areas for construction materials, intermediate disposal of debris and excavated soil	<p>Work areas for temporary storage of construction materials and machines as well as for storage of soil and debris from old structures (before being evacuated) need to be identified and prepared. Especially in Tana and Erusheti this should not disturb traffic on the main road.</p> <p>It must be ensured that the space is safe (no accident risk) and no pollution risks (e.g. oil spills etc), by the CC, through implementing signalization for traffic and oil spill prevention measures at refuelling sites. Measures to be agreed with Municipality.</p> <p>All work areas need to be fully restored to prior condition.</p>	CC	To be included in CC budget	Prior, during and after construction
5	Tree Cutting	<p>Tree cutting shall be avoided to the extent possible; in Erusheti tree cutting required for Access (Taxation and Valuation after access road and construction design).</p> <p>Red-list tree species affected only in Erusheti (Juniper), no red-list species at other 3 sites, in Racha some small trees on roof of dilapidated building</p> <p>Cutting of bushes is needed at all sites, but shall be minimized.</p> <p>Replantation of bushes and trees to be included in landscaping design; local species shall be preferred; max 10-15 bushes to be planted at each site; species tbd by Admin of all areas.</p>	<p>CC</p> <p>Replantation / landscaping in cooperation with Admins</p>	To be included in CC budget	Prior, during and after construction
6	Building Materials	<p>Design of Administration Buildings to include and promote ecological building materials, light design where possible.</p> <p>Local Materials to be prioritized e.g. construction wood, stones.</p> <p>Gravel / Stones / construction wood to be purchased from existing sources (e.g. quarries, supply companies), agreed with municipalities. If licenses are available, they can be provided to the IC.</p> <p>Quality and durability of building materials to be controlled e.g. windows, paint, interior equipment.</p> <p>No hazardous materials (e.g. asbestos) to be used.</p> <p>Electric transformer at Tana site may need to be replaced to ensure reliable electricity connection.</p>	CC	To be included in CC budget	Prior and during Construction
7	Water and Soil pollution e.g., Oil-Spills	<p>Appropriate machine use and vehicle maintenance measures to prevent soil pollution (e.g., oil spills) during works, install oil absorbers at work camps / storage areas.</p> <p>Adequate storage of hazardous material (for example paints, fuel, etc. for example on secondary containment, signalization).</p> <p>Adequate handling of hazmat (for example refuelling of machines in designated areas equipped with oil absorbers or shallow tubs.</p>	CC	Water and Soil pollution e.g., Oil-Spills	During Construction

Nr	Potential impact	Mitigation measure	Responsible	Budget	Timing
		Used oil management if transformer needs to be replaced in Tana PA Admin site. Appropriate ford (river crossing) with temporary pipe bridge or culverts to be installed at Kvereti, beware of flood periods / risks of flash floods.			
8	Transportation of materials	On-site storage areas to be carefully selected, near to road but minimizing disturbance of traffic and minimizing pollution risks.	CC	To be included in CC budget	Site selection prior to construction; Transport Management during Construction
9	Traffic Management Planning	Traffic Management Checklist to be prepared and monitored by construction company and construction supervisor, signalization of all work sites, barriers/fences of trenches on roadsides, planning of transportation logistics for construction materials, Accident prevention is highly relevant at Erusheti site, at Racha and Tana main road is less frequented, in Kvereti almost no traffic. Traffic plans needs to be coordinated with the Municipality. Respect of Speed limits everywhere during transportation of materials and workers. No impacts of access restrictions to customary use areas are expected to local residents due to location of the Admin Buildings and/or related works. Fencing of construction site to be implemented; no access to the construction sites for public for OHS reasons.	CC	To be included in CC budget	During Construction
10	Workers Camp / Accommodation	No workers' camp will be needed. Workers will be lodged in appropriate accommodations (guesthouses or apartment in Sachkhere, Oni, Gori or Akhaltsikhe (if external); otherwise at their homes in the nearby villages.	CC	To be included in CC budget	During Construction
11	Labour management and respect of Core Labour Standards	Labourers from project area should be employed with priority. Core labour standards to be respected. Respect of working hours. No employment of children under 16 years. Equal Pay principle for men and women to be applied. Strict prohibition and prosecution of sexual harassment.	CC	To be included in CC budget	During Construction
12	Workers Health and Safety	EHS checklist for work-safety to be prepared, by CC and monitored by construction supervisor. trainings/familiarization for workers, workers obliged to wear personal protective equipment (PPE) as slice proof	CC	To be included in CC budget	During Construction

Nr	Potential impact	Mitigation measure	Responsible	Budget	Timing
		<p>trousers when working with chain saws, safety shoes when working with machines / stones, helmets where objects can fall and for working at heights, mayor risks for working at height is falling. How is this mitigated (working on scaffolding, ladders, working on rooftop, etc.).</p> <p>Wearing of glasses and masks for cutting works and for works involving dust, ear protection for noisy machines etc. First Aid Kits and fire extinguishers to be available at work sites. Medical checks to be available for workers. Temporary sanitary facilities installed at work sites. Accidents and Emergency procedure to be defined and workers informed/trained / Serious Incident Reporting (see Annex to ESMF for template); Emergency response plan to be developed by CC; No driving through rivers in flood (Kvereti).</p> <p>Sanitary facilities for workers will be arranged by CC on the construction site within temporary staff facilities; water and waste water connections will be done to the exiting sanitary piping; outside temporary facilities will be removed after completion of construction.</p>			
13	Electrocution risks at construction sites	<p>Electric connections to be protected and warning signs to be put.</p> <p>Electric safety at all areas while connecting, special safety considerations if transformer needs to be replaced (at Tana PA).</p>	CC	To be included in CC budget	During Construction
14	Community Health & Safety	<p>Signalization of construction site, traffic signalization.</p> <p>Fencing of worksites as appropriate (especially if any risk areas e.g. trenches for water supply or canalization connections are needed).</p>	CC	To be included in CC budget	During Construction
15	Waste management	<p>The existing building will be demolished.</p> <p>Waste Management Checklist to be prepared.</p> <p>Waste to be collected at worksites, differentiated into recyclable materials (as plastic, glass, metal, paper), compost and non-recyclable materials (composite waste, gypsum etc) and hazardous wastes as oils, lubricants, and brought to recycling if possible or transported to municipal landfills.</p> <p>Hazardous Waste Management, transport and disposal to be implemented according to Georgian legislation on industrial and domestic waste management. Disposal site to be agreed with Municipality.</p> <p>No burning of any waste (prohibition).</p>	CC	To be included in CC budget	<p>Before Construction (Checklist / Waste Mgmt plan);</p> <p>During Construction (Chance find procedure, Waste avoidance recycling, disposal)</p>

Nr	Potential impact	Mitigation measure	Responsible	Budget	Timing
16	Air pollution	Construction engines shall be turned off when not used. Dust prevention measures (sprinkling of roads traversing settlements) where necessary (especially during drought periods), Dust (and noise) prevention measures shall be applied during demolition and construction phase.	CC	To be included in CC budget	During and after construction
17	Noise	Construction engines shall be turned off when not used. Use of construction engines during normal working hours near settlement areas. Notification to nearby residents before starting works that involve use of machines.	Constructor	To be included in CC	During and after construction
18	Public Consultations / PAP consultations	Municipality announcement for construction to be distributed at construction start (in general neighbours are already aware and supportive). All neighbours need to be informed in prior start of construction works. Grievance Mechanism to be introduced to PAPs.	APA / CC / Project	To be included in CC budget	During Planning of infrastructure
19	Complaints by PAPs / Grievance Mechanism	GRM with assigned staff responsible (at site level), contact information to be made available to all stakeholders and included on construction site signalization / worksite poster or banner. GRM to be accessible to workers. Linkages with Municipalities to be created. Documentation of Grievances and resolution process in grievance logbook.	APA / CC / Project	To be included in CC budget	Before start of Construction (APA&IC); during construction
20	Non-compliance of Subcontractors / local contractors (if applicable)	Establish sound construction guidance / principles for local sub-contractors. Construction contractors will be fully responsible for any non-compliance issues of their sub-contractors (to be specified in contract documents including financial enforcement mechanisms).	CC	To be included in CC budget	During Construction
21	Rehabilitation of Work Areas / Site rehabilitation plan	A site rehabilitation plan shall be established in prior to start of construction for all work and construction areas by CC for work sites and all road infrastructures used. Full restoration to prior conditions as per National legislation. Implementation during construction (rehabilitation of damages) and after finishing construction (restoration of all worksites).	CC	To be included in CC budget	During design and after Construction
The above-mentioned items shall be included in the Site-specific ESMPs established by the CC					

Operation Phase of Administrations / to be included in OHS Plan					
1	Workers Health and Safety	Sanitary facilities to be functional in buildings and visitor centres. Separate toilets to be available for men and women. Safe water supply to be ensured. Regular medical checks to be provided to rangers / Admin staff. Machines to be well maintained to reduce risk of accidents; rangers to be trained in machine handling and first aid. Careful handling of all machines used in all PAs chain-saws (for use in NP not at Admin building) and heavy machinery by qualified personnel (regular trainings to be provided). First Aid kit, Fire extinguishers and Personal Protection Equipment (PPE) to be available and clear evacuation routes and signalization; for tasks of staff related to ranger duties OHS guideline to be specified in APA Admin Management Plans for all PAs.	APA and all Administrations	To be included in Operation budget	Preparation during design; During Operation
2	Waste Management	Waste Containers for collection installed and transportation to land fill ensured (at all Admin sites municipal waste management / evacuation & transportation to land fill exists). Waste Management Concept to be specified in Management Plan.	APA and all Administrations	To be included in OP budget	During Operation
3	Use of pesticides for treatment of surrounding of building; other hazardous substances	No pesticides should be used inside and outside the Admin buildings to avoid pollution impacts. No hazardous substances to be stored inside the Admin buildings, all inflammable and/or toxic substances to be stored in a safe place outside the buildings to be constructed by PA staff.	APA and all Administrations	To be included in OP budget	During Operation
4	Biodiversity, loss of habitats)	Provide nesting facilities for birds, bats and insects to enhance biodiversity (especially feasible in Erusheti and Kvereti), but sites are not ideal as situated in proximity to villages and roads.	APA and all Administrations	To be included in OP budget	During Operation;
